CORPORATE POLICY OF QUALITY

This policy is applied at Mineração Taboca and reaffirms the commitment with the Quality of our products and processes, based on the following purpose and commitments:

Our purpose:

Improve life by transforming minerals into well-being.

Our commitments that guide this policy are:

1. Build a culture of safety and an operational management of excellence by means of the best talents and costs, ensuring the business sustainability, improving life and transforming minerals into well-being.
2. Continuously seek operational excellence through the participation, enthusiasm and commitment of all employees.
3. Establish environmental goals and targets, periodically measure performance and define strategic actions to reach them.
4. Meet the expectations of customers and other stakeholders, ensuring quality and competitiveness of our products.
5. Fulfill all applicable requirements, whether legal, regulatory or contractual, ensuring compliance in all stages of our process.
6. Promote the continuous improvement of the quality management system.

This policy will be reviewed and updated every 3 years or before, if necessary.

Wan Liming
